

Licking County Health Department

2011 Adult Flu Clinics/Schedule

The Licking County Health Department began this year's seasonal flu clinics in mid-September and will run through the end of the year. This year the vaccine covers the following strains: A/California, A/Perth, and B/Brisbane. The flu vaccine is recommended for high risk individuals including the elderly, anyone with a long term health or immune problem, infants (6 months or older), all children, and teens. Healthy adults and children are also encouraged to receive a seasonal flu vaccine. Pregnant women are strongly urged to get a flu vaccine.

Licking County Health Department
675 Price Rd. Newark, Ohio 43055
(740) 349-6535

The following schedule lists the dates and locations of flu clinics intended for adults. If children need flu vaccines then they will need to be taken to one of our children's clinics. For more information please call the Licking County Health Department at (740) 349-6535 or visit

www.lickingcohealth.org.
