Hearings- None

Community and Personal Health Report — Kari Kennedy provided a written report to the Board.

Kari provided information on cases of Listeriosis and Strep Pneumoniae.

Environmental Report and Health and Preparedness Report - Chad Brown provided a written report to the Board.

Chad described activities happening at LCHD pertaining to the Coronavirus pandemic. We have been meeting internally and with a number of partners to conduct a coordinated response based on facts and evidence. We are participating in conference calls with ODH multiple times per week and are providing information to our partners as the situation continues to evolve.

Jim Glover asked about the response time to get testing results back to the first responder supervisors. He is concerned with prompt notification if a positive test comes back and who may have been exposed. Additional information will be provided to Jim as we continue to investigate the process.

Maternal and Child Health Report - Todd Kirkpatrick provided a written report to the Board.

The Early Head Start Program has discontinued home visits through April 6.

WIC is expected to continue client services. Appointments are being conducted by telephone. The required in person visits are brief and being conducted efficiently.

Health Promotion Report - Ashley See provided a written report to the Board.

Car seats are still being distributed on an individual basis. The group class is not being conducted at this time.

Health Education programs are continuing but with less face to face interaction. Most tasks are being completed online and by telephone.

Health Commissioner Report Joe Ebel provided a written report to the Board.

Covid-19 has taken over the Health Department in terms of importance and attention. We have not had a confirmed case in Licking County at this time. Cuyahoga County as of now has the most confirmed cases. The discussion and information provided from the state officials is to demonstrate how to lower the curve of disease spread. A hospital surge is a fear. The slowing down of the disease is vitally important.

Chad, Olivia and Joe attended the Governor's COVID-19 Summit on March 5th.

Joe met with local officials recently to assist in planning for the pandemic. Conference calls have been held with township trustees and various groups. Each day information is being provided to the public in various media outlets with disease prevention instruction and disease spread data. The ODH lab now has Covid-19 testing capability, although the
eligibility for testing is still restrictive. LabCorp and Quest labs now can also do testing. The number of tests in Ohio will pick up. Due to the fear of LCHD staff getting sick, a telework policy has been developed. We hope to implement a work from home plan in the next few days allowing the nonessential employees this opportunity.

Financial Reports and Bills - The financial reports were presented to the Board and discussed.

The February LCHD Financial Reports were approved on a motion by Carole Wachtel, second Shelly Ellis, all members voted yea, motion approved.
